RESISTANT**

SPECIFICATIONS

Our Berserker are economical high value for money standalone single-curved plates.

They are multi-hit rated AL203 Ceramic plates with polyethylene backing. This allows for the very high protection levels at an affordable price.

The plates are covered in a very thin drop resistant foam and a liquid-repellent Cordura cover, which protects the ballistic properties against water, oil and similar liquids.

The plates have a thickness of just 22mm.

7-year ballistic warranty.

BALLISTIC TESTING

- 7.62x63 M2 AP
